

First Love
Hillsong Young & Free

[Intro] **G G**

G
This is all I want
Cadd9
That the love I have for You
Dsus
Doesn't fade along with youth
Em7
Can You help with that

The reason that I ask

I've seen far too many friends
Dsus
Walk away and not come back
Em7
I want more than that
Am7
I won't wash away
G/B
Like branches in rain
Cadd9 D
I'd rather be kindling in the light
G
Set me on fire like I've never known
Bm
I want to love You more as life goes on
C
So all of my days I'll place
Am G G
My first love first again
G
This is all I pray
Cadd9
Over everything I ask
Dsus
That my friends one day come back
Em7
Can You help with that?
G
God I know You can
Cadd9
Cause the fire won't mean a thing

Dsus

If it ends right here with me

Em7

You want more than that

Am7

The river runs fast

G/B

But You wait at the banks

Cadd9

D

And pull us like driftwood from the wild
