I don t wanna know

I woke up with a heartbeat in my head
I reached for the bottle by the bed
I saw your side was not slept in
Cold sheets again
remind me of what you said
We need to take a break for a while
It s been so long since I ve smiled
I don t wanna listen now
Live this day down
With you so drunk and high
So I ll say goodbye

I don t wanna know it s over
So save your goodbye kiss
I don t wanna know it s over
Cause ignorance is bliss
Now I know I can t stay sober
Cause you left me here like this
