Tabbed by cboshdave

**Dsus2**

When the smoke clears

**Cadd9**

**G**

**Dsus2**

And the flashing lights and neon signs all disappear

**Cadd9**

**G**

**Dsus2**

It s like closing time and the sound of silence is all you hear

**Cadd9**

Oh, Cause everyone s gone

[VERSE]

**Dsus2**

Trying to make sense

**Cadd9**

**G**

**Dsus2**

Maybe I got a little lost and got a little reckless

**Cadd9**

Trying to piece it all together

**G**

**Dsus2**

While I m standing in the middle of the wreckage

**Cadd9**

It s all I m left with

[CHORUS]

**Cadd9**

**G**

**Dsus2**

Burning both ends of the night just trying to find it

**Cadd9**

**G**

**Dsus2**

Anything I could to get me higher

**Bm**

But when that high starts running out

**A**

What goes up must come down

**Cadd9** **G** **Cadd9 G** **Dsus2**  
Falling feels like flying til you hit the ground

Got a choice to choose

**Cadd9** **G** **Dsus2**  
I should learn to win cause I sure as hell know how to lose

I spent most of my life just caught inside a catch 22

**Cadd9** **G**  
Damned if I don t, damned if I do

[CHORUS]

**Cadd9** **G** **Dsus2**  
Burning both ends of the night just trying to find it (Lead riff harmonic)

**Cadd9** **G** **Dsus2**  
Anything I could to get me higher (Lead riff harmonic)

**Bm**  
But when that high starts running out

**A**  
What goes up must come down

Falling feels like flying til you hit the ground

Why I keep crashing

Anything I could to get me higher
