

Loaded And Alone
Hinder

I m not sure if it s 100% but its a good song and that s how I play it

A,G,D,A,A,G,D,F X2

A G
Just a kid, just a fool

D A
Always trying to play it so cool

A G
So he did what he knew

D A
He left home and he dropped out of school

A G
He wanted fame, fame, fame

D A G
Even just a little bit of shame, shame, shame

D
He would sell his soul over in

A G D G
Changed his name, never going to get it back, no

G D A
He`s got money, but he`s way off track

G D A
So lonely that it makes him think back

G D A G
To his family and his friends and the lady he left back home

A,G,D
He`s loaded and alone

A G,D,F
He`s loaded and alone

A G
Still a kid, still a fool

D A
Still trying to break all the rules

A G
A big house, with too many rooms

D A
An ego, to go with it too

A G
He got his fame, fame, fame

D A G
More than just a little bit of shame, shame, shame
