**A** **F#m**  
Talk to me, that s all she said to me,  
**D** **A**  
Now I just can t believe that she won t talk to me.

**A**  
Love takes work and work takes time,  
**F#m**  
Sometimes there ain t enough Saturday nights,  
**D** **A**  
A way to show it, I thought you know it.

**A**  
I saw you every day but I guess I was blind,  
**F#m**  
Didn t know I had to read your mind,  
**D** **A**  
You were on me, I didn t know it.

**F#m**  
Middle of the night and I m wide awake,  
**D**  
I close my eyes and I hear you say  
**A** **E**  
Talk to me, why won t you talk to me?  
**F#m**  
Now seeing the world was my biggest mistake,  
**D**  
Why I just watched when you walked away?  
**A** **E**  
Talk to me, why won t you talk to me?

**A** **F#m**  
Talk to me, that s all she said to me,  
**D** **A**  
Now I just can t believe that she won t talk to me.

**A**  
Sitting at a stop light, holding my phone,  
**F#m**  
I leave another message while I know that you re home  
**D** **A**  
Now I m lonely and you won t talk to me.

**F#m**  
Middle of the night and I m wide awake,  
**D**

I close my eyes and I hear you say

**A**

**E**
