**D**            **Bm**            **Cmaj7**  
When I forgot you, you came to mind  
**D**            **Bm**            **Cmaj7**  
Every trouble, back in your eyes and  
**Em**            **Emmaj7**            **A7**  
It s all cyclical, so why even try?  
**Cm**                    **G**  
Why even try to change?

[Interlude]

**Cmaj7**

[Verse 2]

**D**            **Bm**            **Cmaj7**  
You re yourself way more than I am  
**D**            **Bm**                    **Cmaj7**  
Being friends was in the palm of my hand  
          **Em**            **Emmaj7**                    **A7**  
But I let it fall and break so why even try?

**Cmaj7** **G**  
On and on  
**Cmaj7**            **G**  
The feelings burst and then they fall  
                          **Cmaj7**  
Till later on  
                          **G**  
We walk it back and patch things up  
**Cmaj7** **G**  
On and on  
**Cmaj7**            **G**  
The feelings burst and then they fall  
                          **Cmaj7**  
Till later on  
  **G**  
We walk it back and patch things up

[Verse 3]

**Bm**                    **Cmaj7**  
Soon it will all disappear  
**D**            **G**                    **Cmaj7**

Maybe I will miss your voice in my ear

**Em Emmaj7 A7**

But I can't go back now, so why even try?

**Cm G**

Why even try to hear?

[Interlude]

No more me

[Chorus]

**Cmaj7**

On and on (you know I'm alright)

**Cmaj7**

The feelings burst and then they fall (you know I'm right here)

**Cmaj7**

Till later on (you know I'm alright)

**Cmaj7**

We walk it back and patch things up (you know I'm right here)

**Cmaj7**

On and on (you know I'm alright)

**Cmaj7**

The feelings burst and then they fall (you know I'm right here)

**Cmaj7**

Till later on (you know I'm alright)

**Cmaj7**

We walk it back and patch things up
