Song Away Hockey

I love this band, there are no tabs for them yet, so I have just worked out the chords of the acoustic version of this song they played on the BBC coverage of Reading festival 09.

This is my first tab, feel free to improve it. Cheers

Use barre chords for this, its really straightforward:

F# - 244322 **B** - 799877 **D#m** -x68866

C# - 9,11,11,10,99

Not wanting to write a truthful song over an eighties groove I like to let you know I ll always be straight with you I stole my personality from an anonymous source And I m gonna pay for it too, I dont feel bad about that Give me my chance back

This is on the rise music, this i novelty music
This is who can blame music, I dont get fooled by it
This is where dyu go music, this is come home music
This is down to the wire I m such a perfect angel music.
Who really tries

Tomorrows just a song away, a song away, a song away Tomorrows just a song away, a song away, a song away Its just a song away

This is success music and whats it to ya?
My lawyer always says these are the fact about the future well

Tomorrows just a song away, a song away, a song away Tomorrows just a song away, a song away, a song away

Tomorrows just a song away, a song away, a song away Its just a song away.
