Closing Time by Hole

This was written by Courtney Love, Kurt Cobain and Patty Schemel and was originally totally improvised. The lyrics are Love's, while the guitar/drums were improvised by Cobain and Schemel. Hole played it live quite a bit, but it never made it to the studio. Super easy to play, three open chords throughout the whole thing.

Tabbed by: Scott H.

Tuning: Standard

Chords:

A G C

Chord progression is identical for intro, verse, chorus, and bridge. You can distort them on the chorus if you'd like.

Lyrics:

Come on baby, stay awhile
I just wanna watch you breathe
Baby, baby, stay awhile
I want you inside of me

Baby, baby, stay awhile
I just want your closing air
Baby, baby, stay awhile
I just wanna know you're there

Someone get me out of here
My God, I hate it here
I clawed my way out
Somehow I made it out

Hey, I have to go away
Go away
I have to go

Baby, baby, stay awhile
I just wanna see you bleed
Baby, baby, stay awhile
I want you inside of me

Baby, baby, stay awhile
I just want to hold you there
Baby, baby, stay while
I just wanna know you re there

Someone get me out of here
My God, I hate it here
I clawed my way out
Somehow I made it out

Never go away
Never go away

And I clawed my way out
Oh, God, I hate it
Somehow, get me out of here
Someone get me out of here

Hey, I have to go away
I will never go away
Baby, baby stay awhile
I just wanna see you bleed
Baby, baby, stay awhile
I want you inside of me
