Tuning: standart eadgbe
        CAPO ON 6TH FRET

Always leave high e string open!

Em11: 202000

INTRO: **Em7 Dsus2 G**   x4

Em7   **Dsus2**
You just don t love me
     G
And I just don t care
     Em7   **Dsus2** **G**
Oh, I never said I would play fair
Em7   **Dsus2**   **G**
Something so perfect and so rare
      Em7   **Dsus2**
There is no cure
         G   **Em7 Dsus2 G**
There s not a prayer, a prayer
                 Em7   **Dsus2**   **G**
Look what I can do

Em7   **Dsus2 G**
I am the only perfect choice
       Em7   **Dsus2**
You ve met your match
      G
I ve lost my voice
    Em7   **Dsus2**   **G**
And when you re gone it gets so cold
Em7   **Dsus2**   **G**   **Em7**   **Dsus2**   **G**
I swear I m too young to be this old, this old
                 Em7   **Dsus2**   **G**
Look what I can do

```
     Em7   Dsus2 Asus2 G
Oh, I ve been cheated
Em7          Dsus2          G
Covered in diamonds and covered in filth
     Em7   Dsus2 Asus2 G
But I m still breathing
       Em7             Dsus2         G
Oh, please stick around and I ll build

          Cadd9
Yes, I ve crawled on glass
   Em
To grasp at straws
Cadd9                     G
Stuttering, staggering through
       Cadd9             Em
And I ve pierced the last hole in my arm
  Cadd9                     Dsus2
To gouge out the pieces of you

          Cadd9                     Em
And your staggering, stuttering greed
          Cadd9         G
And your never ending need
          Cadd9             Em
And your terrible awful deeds
          Cadd9                     Dsus2
And your lack of truth in these things

Em7          Dsus2  G
You know the whole thing is writ
Em7             Dsus2
You ll always quit
G
You always did
Em7   Dsus2 G
To the most delusional stare
     Em7        Dsus2 G
And all that I have is out
        Em7 Dsus2  G
And laid bare
        Em7  Dsus2  G
And laid bare
                  Em7  Dsus2  G
Look what I can do
                  Em7  Dsus2  G
Look what I can do
                  Em7  Dsus2  G
Look what I can do
                  Em7  Dsus2  G

   Em7  Dsus2 Asus2 G
Oh, I ve been bitter
```

```
Em7                  Dsus2
You know what s true
     G
And you know what s right
   Em7   Dsus2 Asus2 G
Oh, I m forever
         Em7               Dsus2
Oh, just do the right thing
     G
For once
       Em7    Em11   G
In your life
       Em7    Em11   G
In your life

Em           Em11   G
I know that I m a hungry lost girl
     Em           Em11            G            Em    Em11 G
But please stick around and I ll build you a world
                 Em    Em11 G
I ll build you a world
                 Em
I ll build you a world
```
