

Happy Ending Story Hole

This is just the chords, none of the fancy things

Intro and strumming:

Am **G** **Em** **C**
DDDDU DDDDU DDDDU DUDD
Am **G** **D** **Am**
DDDDU DDDDU DDDDU UDUD

the verse is the same..I tried to put the words right where the chord hits:

Am		G		Em		C		Am
	Hey			I burn		better in the		dark
		G		D		Am		Am
	Hey			is that me		crying?		
Am		G		Em		C		Am
	Hey			it s pure		poison where you are		
Am		G		D		--		
Hey				is that me dying?				

Chorus changes up

Am		C		G		D	
				Tell me your happy ending story			
				Is there a happy ending story			
				Tell me your happy ending story			
				Tell me your happy ending story			

You can take it from there. I know the lyrics vary from version to version, so why bother posting them? Also, this isn t from any official source, I figured it out myself while hung over in bed, so sorry if there are mistakes.
