

Honey

Hole

(intro/verse)

G C9 Em D7

Anguish and misery fall here like a dead star
And everything you ever said
Now tears me all apart

(chorus)

C9 G Em D7

He goes down down to his bitter end
He knows now now it s the gutter
He goes down down to his bitter end
He knows now now you can t touch him

(intro/verse)

G C9 Em D7

Pray for the rain
Oh are you up there
Do you listen
It s the terror and the pain and I
Just wait for you to have risen

(chorus)

C9 G Em D7

He goes down down to his only friend
He knows now now that you love him
He goes down down to his bitter end
He knows now now you can t touch him

(bridge) **Em Am G D7**

I hold on to you like the death of an angel
And I hold on to you with all the life that s in me

(intro/verse) **G C9 Em D7**

Why was I not good enough to save you from destruction?
And your end and my beginning
Oh they need no introduction

(chorus)

C9 G Em D7

He goes down down to his only friend
He knows now now that you love him
He goes down down to his bitter end
He knows now now you can t touch him

(interlude) **Em Am D7 G**

Sweet as honey
I ll live forever

Pure as first love
Just come home

(repeated brigde chords)

Em Am G D7

I hold on to you like the death of angel
And I hold on to you with all the life that s in me

And I hold on to you like the death of an angel
And I hold on to you with all the hope I have left

And I hold on to you
Watch the death of an angel
And I hold on to you
Until the light pours like honey
