

Slam Crunk

First Tab. So of course I m not 100% but it sounds good. You can play this song in either all open or bars on the verses like I have posted. HP is known to play all open so for a more authentic song play open chords.

The rest of the song is played exactly the same. Since it is a mashup it s just verses and choruses. HP plays with various palm mutes and they pick some notes which you can try from listening to the song. I just wanted to post the chord structure and one style that it can be played in. Have fun!
