

**The Woods**  
**Hollow Coves**

[Intro] **D A E**

**D**

We re all falling

**A E**

and we need a place to hide

**D A**

A safe place somewhere in the woods

**E**

where we can start the fire

**D A E**

All we know is that would be our home

**D A E**

We will stay till the break of dawn

( **D A E** )

( **D A E** )

**D A E**

The cold night takes us to a place to escape the chill

**D A E**

Top top, somewhere in the woods, on the hill

**D A E**

Wake up, feeling the cold in between our toes

**D A E**

Is there a way back? Nobody knows

**D A E**

And we leave it all behind

**D A E**

Can t you see we need some time?

**D A**

And we all sit around the fire

**E**

We feel a little warmer now

**D A**

And we all sit around the fire

**E**

We feel so much better now

( **D A E** )

( **D A E** )

( **D A E** )

( **D A E** )

**D A**

And we all sit around the fire

**E**

We feel a little warmer now

**D**

**A**

And we all sit around the fire

**E**

We feel so much better now
