

**Heavy**  
**Holly Brook**

Capo 3rd fret

**C**  
Now Iâ€™ve come to cry  
**G** **Am**  
Shed your skin to rest my naked eye  
**G**  
And criticize  
**C**  
All that I implore  
**G** **Am**  
Seems to be one foot outside that door  
**C** **G**  
Coming between me and waking

Pre-Chorus:

**Am** **C**  
Underneath the corset of your mystery  
**Am** **G**  
Piece by piece undress you from your history  
**Am** **C** **G**  
I m sleeping with seclusion in sweet disarray

Chorus:

**Am**  
You can go heavy on me  
**C** **G**  
And I will not weigh you down, down, down  
**Am**  
You can be steady and clean  
**C**  
I can take it  
**Am**  
Heavy on me  
**C** **G**  
And I will not weigh you down

**C**  
Born unto this pride  
**G** **Am**  
Silence is something you can t hide  
**C** **G**  
You can t deny...us  
**C**  
Nothing has been said  
**G** **Am**  
Yet so many words have filled my head

C G

Now they completely surround me

Am C

Tie the lines of honest conductivity

Am G

Caught between the center of our gravity

Am C G

I don't have that much time to burn anymore

(Chorus)

(Pre-Chorus)
