So many days I listened to the voice inside my head

I never thought that Id be someone who could be misled  
**Em**                      **C**                      **G**                      **D**  
I wanted the mirror to show me something I could not see  
**Em**                      **C**                      **G**                      **D**  
I needed explanations for expectations I could never reach

**C**                                      **D**  
I know Im not the only one whos ever cried for help  
**C**                                      **D**  
And Jesus did for me what I could not do myself
