

Intoxicated

Holly Tree

Verse: **F - C - Eb**

Chorus: **Bb - C - F**

Paradinha: **F**

Letra:

It's better if you don't taste, 'cause you'll need it more
Please don't leave alone, don't make my life so lonely
You have to help me, I wanna get out of this hole
My mind it's so confuse, my freedom was stole

I think I am intoxicated, intoxicated I think I am

I'm in the dark side, my head is in jail
Now I'm footless, all I do will be a failure
Nobody likes me that way, but I don't even care
I have nothing to do, nothin to share

I think I am intoxicated, intoxicated I think I am
