**Holly Williams**

Capo on 6.

The first verse is acapella but you can play the chords the same as the other verses if you like.

**G#**                    **Eb**                    **C#**  
If I never saw you once again  
     **G#**                    **Eb**                    **C#**  
If suddenly you met your bitter end  
**G#**                    **Eb**                    **Fm**  
I'm not sure I'd ever understand  
     **C#**                    **Eb**                    **G#**  
But I could say I loved a good man

**G#**                    **Eb**                    **C#**  
If I couldn't hold you anymore  
     **G#**                    **Eb**                    **C#**  
Or leave the world to lie at our front door  
     **G#**                    **Eb**                    **Fm**  
And crawl inside this hiding place with you  
**C#**                    **Eb**                    **G#**  
I'm not sure I'd ever make it through

**C#**                    **G#**  
Oh your tender heart,  
             **C#**                    **Eb**  
Taught me the hardest part that I could never learn  
             **Fm**                    **C#** **G#**                    **Eb**  
And everything you do promises I love you  
**C#**                    **Eb**                    **Fm**  
If you ever slip out of my hands  
**C#**                    **Eb**                    **G#**  
I could say I loved a good man

**G#**                    **Eb**                    **C#**  
Looking at your face across the room  
**G#**                    **Eb**                    **C#**  
Everything else fades but me and you  
**G#**                    **Eb**                    **Fm**  
Love is not as simple as it seems  
     **C#**                    **Eb**                    **G#**  
But I have learned to trust the space between

**C#**                    **G#**  
Oh your tender heart,  
             **C#**                    **Eb**  
Taught me the hardest part that I could never learn

**Fm C# G# Eb**  
And everything you do promises I love you  
**C# Eb Fm**  
If you ever slip out of my hands  
**C# Eb G#**  
I could say I loved a good man

**Fm C# G#**  
When I look back on our years together  
**Fm C# G#**  
The only one I gave my whole heart to

Like it s something new

And everything you do promises I love you

If you ever slip out of my hands

I could say I held

I could say I knew

And I could say I loved a good man
