

**A Good Man**  
**Holly Williams**

Capo on 6.

The first verse is acapella but you can play the chords the same as the other verses if you like.

**F#**                    **C#**                    **B**  
If I never saw you once again  
      **F#**                    **C#**                    **B**  
If suddenly you met your bitter end  
**F#**                    **C#**                    **Ebm**  
I'm not sure I'd ever understand  
      **B**                    **C#**                    **F#**  
But I could say I loved a good man

**F#**                    **C#**                    **B**  
If I couldn't hold you anymore  
      **F#**                    **C#**                    **B**  
Or leave the world to lie at our front door  
      **F#**                    **C#**                    **Ebm**  
And crawl inside this hiding place with you  
**B**                    **C#**                    **F#**  
I'm not sure I'd ever make it through

**B**                    **F#**  
Oh your tender heart,  
                  **B**                    **C#**  
Taught me the hardest part that I could never learn  
                  **Ebm**            **B** **F#**            **C#**  
And everything you do promises I love you  
**B**                    **C#**                    **Ebm**  
If you ever slip out of my hands  
**B**                    **C#**                    **F#**  
I could say I loved a good man

**F#**                    **C#**                    **B**  
Looking at your face across the room  
**F#**                    **C#**                    **B**  
Everything else fades but me and you  
**F#**                    **C#**                    **Ebm**  
Love is not as simple as it seems  
      **B**                    **C#**                    **F#**  
But I have learned to trust the space between

**B**                    **F#**  
Oh your tender heart,  
                  **B**                    **C#**  
Taught me the hardest part that I could never learn

**Ebm**            **B** **F#**            **C#**  
And everything you do promises I love you  
**B**            **C#**            **Ebm**  
If you ever slip out of my hands  
**B**            **C#**            **F#**  
I could say I loved a good man

**Ebm**            **B**            **F#**  
When I look back on our years together  
**Ebm**            **B**            **F#**  
The only one I gave my whole heart to  
**Ebm**            **B**            **F#**  
I hope that we re still counting on forever  
**C#**            **B**            **C#**  
Like it s something new

**B**            **F#**  
Oh your tender heart,  
**B**            **C#**  
Taught me the hardest part that I could never learn  
**Ebm**            **B** **F#**            **C#**  
And everything you do promises I love you  
**B**            **C#**            **Ebm**  
If you ever slip out of my hands  
**B**            **C#**  
I could say I held  
**B**            **C#**  
I could say I knew  
**B**            **C#**            **F#**  
And I could say I loved a good man
