

Gone Away From Me
Holly Williams

So this is really easy once you get the hang of it but it takes a little time to get the rhythm right.

You start on an Am for two beats then move the finger that s on the second fret of the D string up to the second fret of the A string for two beats (Amadd9). Then A regular C for two beats, then pull off on the D string for two beats (Csus2). I also like to pull off on the B string in the middle of playing the Fs in the verses.

	G	Bm	D	Amadd9	Dsus2	A
e	-1---	0---	0-----	0-----	0---	3--
B	-1---	1---	1-----	1-----	1---	3--
G	-2---	2---	0-----	2-----	0---	0--
D	-3---	2---	2-----	0-----	0---	0--
A	-3---	0---	3-----	2-----	3---	2--
E	-1---	x---	x-----	x-----	x---	3--

CAPO ON FIRST.
