[Verse]

```

D                               Am                               C
Baby I m just turning you on to something better than every guy
      D
that you do
D                               Am                               C                               D
Maybe I m just tired of watching everybody just step all over you
      C   G                               D                               Am
Because I - I couldn t change the way I need you
      C   G       Bb                               C*
And I know it s all about the little things I do

```

[Chorus]

```

      D
I ll kiss you in the rain
      Am
Hold you in the dark
      C                               D
Feel the fireworks explode inside your heart
      D                               Am
Baby take a chance I ll never let you go
      C                               D
I could be your everything, just let me take you home
      Bb       C                               D Dm
There s gotta be a way, a way I d run with you
      Bb       C
I m waiting for the day you re gonna have a breakthrough
