

City  
Hollywood Undead

Capo 1

[Intro:]

**F#m**                      **D**            **A**                      **E**  
Let s watch it burn  
**F#m**                      **D**            **A**                      **E**  
Let s watch it burn,            Let s watch this city burn the world

[Chorus:]

**F#m**                      **D**  
Let s watch this city burn  
**A**                                      **E**  
From the skylights on top of the world  
**F#m**                                      **D**  
Til there s nothing left of her  
**A**                                      **E**  
Let s watch this city burn the world

[Verse 1:]

**F#m**                                      **D**  
My body doused in ash with two empty cans of gas  
**A**                                      **E**  
The only evidence they have is a police sketch of my mask  
**F#m**                                      **D**  
And it s hard at times to ask if you can save my heart for last  
**A**                                      **E**  
And it s hard to face the facts when the darkness fades to black

**F#m**                                      **D**  
It s not just make believe when they make me take a seat  
**A**                                      **E**  
And they put amphetamines in the air and make me breathe  
**F#m**                                      **D**  
So come on and grab your children, look out for burning buildings  
**A**                                      **E**  
And villains who pillage, they re killing by the millions  
**F#m**                                      **D**  
And billions of people die for a lost cause  
**A**                                      **E**  
So now I pray to my nation destroyed under god

[Pre-Chorus:]

**F#m**                      **D**  
(It s the end of the world)  
**A**  
All my battles have been won

**E**

But the war has just begun

[Chorus:]

**F#m** **D**  
Let s watch this city burn

**A** **E**  
From the skylights on top of the world

**F#m** **D**  
Til there s nothing left of her

**A** **E**  
Let s watch this city burn the world

[Verse 2:]

**F#m** **D**  
The city looks so pretty, do you wanna burn it with me?

**A** **E**  
Til the skies bleeds ashes and the fucking skyline crashes

**F#m** **D**  
They catch us with matches to ignite the flame

**A** **E**  
And all the hopes of a youth deemed fucking insane

**F#m**  
They say, Take the pill, In god we trust

**D**  
Go and kill, God loves us

**A**  
As in life as in death

**E**  
Breathing til there is no breath

**F#m** **D**  
I will not die in the night but in the light

**A** **E**  
Of the sun with the ashes of this world in my lungs

**F#m** **D**  
But who am I to say let s all just run away

**A** **E**  
Grab your saints and pray, we re gonna burn this world today.

[Pre-Chorus:]

**F#m** **D**  
(Say it s the end of the world)

**A**  
As in heaven as on earth

**E**  
We ve been dead since our birth

[Chorus:]

**F#m** **D** **A** **E**  
Let s watch it burn

**A** **E**  
Let s watch this city burn the world

[Outro:]

**F#m** **D** **A** **E**  
Let s watch it burn

**F#m** **D** **A** **E**  
Let s watch it burn, Let s watch this city burn the world
