[Intro] **Em, C, G, D** x4

[Verse 1]

**Em**

As I walk through the valley of the shadow of death,

**C**

I wear my crown of thorns and pull the knife out my chest.

**G**

I keep searching for something that I never seem to find.

**D**

But maybe I won't, because I left it all behind.

**Em**

Now I'm stuck with this, and that'll never change

**C**

Always a part of me, until the very last day.

**G**

Where to go from here? What road to travel on?

**D**

I spent my whole life choosing, and I always chose wrong.

**Em**

Will I try to have the will to be alive?

**C**

Will I try because I've never seen the light?

**G**

Blow it to the ground and it's now you see,

**D**

You spent your whole life taking the best of me

[Chorus]

**Em**

Where'd you go? Where's your home?

**C**

How'd you end up all alone?

**G**

**D**

Can you hear me now?

**Em**

There's no light, there's no sound.

**C**

Hard to breathe, when you're underground.

**G**

**D**

Can you hear me now?

**Em D**

Hear me now

[Verse 2]

**Em**

How long can I keep pretending to be?

**C**

That all the stars in the sky could mean something to me.

**G**

Heaven will open up if I live on my knees.

**D**

A man of many words, but a man of few deeds.

**Em**

Walking these streets, so absent of hope.

**C**

A pillow of concrete, a man with no home.

**G**

Lend him a hand, then we're walking the way.

**D**

Leave the virtue of pity, but we live with the shame.

**Em**

So scared to dream in a world with no sunlight.

**C**

When you wake up, you know it's darker than last night.

**G**

Quickly we forget, sacrifice gone by.

**D**

Born to walk away, been walking my whole life.

[Chorus]

**Em**

Where'd you go? Where's your home?

**C**

How'd you end up all alone?

**G**

**D**

Can you hear me now?

**Em**

There's no light, there's no sound.

**C**

Hard to breathe, when you're underground.

**G**

**D**

Can you hear me now?

**Am**

Hear me now

[Bridge]

**C**

Look into my eyes and I see

**G**

**D**

What do I see? Nothing at all (Nothing at all)

**Am**

**C**

Take another look around me

**G**

**D**

What do I see? Nothing at all (Nothing at all)

[Fill (Intro bit)] **Em, C, G, D** x2
