[Verse 1]
    Gmaj7
I m tripping on the thought of you
                          Gmaj7 Cmaj7
Thinking over just as two
        Gmaj7
There s no one else I really need
      Cmaj7
She s by my side
                Am7
                      Cmaj7
She hears me breathe
[Pre-Chorus]
Gmaj7
Letting life just slip away
Losing inhibitions feeling
               Cmaj7
  Free as a bird
      Gmaj7
Turns out it s just a love song
Cmaj7
  Seems there s no better
        Am7
              D7
Way than words
[Chorus]
            Gmaj7
Because I m tripping, tripping, tripping
                  Cmaj7
On the thought of you
        Gmaj7
Oh, I m tripping, tripping, tripping
                  Cmaj7
On the thought of you
                Gmaj7 Cmaj7 Gmaj7 Cmaj7
Oh, baby, yes I am
```

[Verse 2]

```
Gmaj7
When I ask her when we ll meet again
   Cmaj7
She says whenever
       Am7
And the sky brings golden rain
     Gmaj7
So I lean into her lips
                                      Am7
Cause I don t ever want to be alone again
    Cmaj7
Oh, no
[Pre-Chorus]
          Gmaj7
I ve been letting life just slip away
        Cmaj7
Now I m losing inhibitions feeling
             Cmaj7
Am7
 Free as a bird
     Gmaj7
Turns out it s just a love song
Cmaj7
 Seems there s no better
       Am7 D7
Way than words
[Chorus]
            Gmaj7
Because I m tripping, tripping, tripping
                  Cmaj7
On the thought of you
        Gmaj7
Oh, I m tripping, tripping, tripping
                  Cmaj7
On the thought of you
        Gmaj7
Oh, I m tripping, tripping, tripping
                  Cmaj7
On the thought of you
        Gmaj7
Oh, I m tripping, tripping, tripping
                  Cmaj7
On the thought of you
[Outro]
      Dmaj7
               Cmaj7
When I look into her eyes
 Dmaj7
                    Cmaj7
I can t help but feel high, high
```
