The whole song repeats **Eb, Cm, Ab, Bb**

Babe I can't help but notice

Sure you've been told this

You're looking different since we met

Your eyes have softened

You skip when you're walking

I can't see no one in that

The part in your hair's moved

Your shine shines off them shoes

There's nothing left to do

So baby, come back to bed

I wasn't done with you yet

So baby, come back to bed

I wasn't done with you yet

Babe I m sure you ve been told this
Lord knows we all notice
You re acting different since we met
You smile so much brighter
Laugh so much louder
Sing love songs in the shower I bet
When you touch me I tremble
I can t remember
(The) last time I felt like this
Can t get up in the mornin
Work sounds so borin
We re callin and emplorin - stayin home
Enjoyin

So baby, come back to bed
I wasn t done with you yet
So baby, come back to bed
I wasn t done with you yet
