B  
So now  
A  
Keep me at safe distance  
E G  
And with a little persistence I ll make it crystal clear

Acordes:

B Asus2  
I ll be around  
E  
Only if you want me to  
G  
Be there by your side  
Asus2 B  
I m ready for you

So don t be afraid  
Cause I know what you re going through  
So when you think it s time  
I m ready for you

Now you seem to be content with  
A one sided friendship with you I ve got to chase  
Slow down so I can smell the roses  
But the road you chose is crooked and unpaved  
My tires are spinning but to no avail

That I ll be around  
Only if you want me to

Be there by your side  
I m ready for you  
Don t be afraid  
Cause I know what you re going through  
So when you think it s time  
I m ready for you  
I m ready for you

That I ll be around  
Only if you want me to  
Be there by your side  
I m ready for you  
I ll be around  
Cause I know what you re going through  
So when you think it s time  
I m ready for you
