The Reason
Hoobastank

[Intro] **E**

[Verse 1]

E   **C#m9**
    I m not a perfect person
                                        E
There are many things I wish I didn t do
                    C#m9
But I continue learning
                                    Asus
I never meant to do those things to you
                            Bsus
and so I have to say before I go
                        Esus
that I just want you to know

[Chorus 1:]

                    C#m9   **Asus**
I ve found a reason for me, to change who I used to be
                    Bsus   **E**
a reason to start over new, and the reason is you

[Verse 2:]

                    C#m9
I m sorry that I hurt you
                                    E
It s something I must live with everyday
                        C#m9
and all the pain I put you through
                            Asus
I wish that I could take it all away
                                Bsus
and be the one who catches all your tears
                        Esus
thats why I need you to hear

[Chorus 2:]

                    C#m9   **Asus**
I ve found a reason for me, to change who I used to be

```
                          Bsus                              Dsus2
a reason to start over new, and the reason is you

[Bridge:]

                      Esus
and the reason is you
                      Dsus2
and the reason is you
                      Esus
and the reason is you

[Verse 3:]

E                               C#m9
     I m not a perfect person
                                      Asus
I never meant to do those things to you
                                  Bsus
and so I have to say before I go
                           Esus
that I just want you to know

[Chorus 1:]

                      C#m9                              Asus
I ve found a reason for me, to change who I used to be
                        Bsus                          E
a reason to start over new, and the reason is you

[Chorus 3:]

                      C#m9
I ve found a reason to show
                        Asus
a side of me you didn t know
                        Bsus
a reason for all that I do
                         E
and the reason is you
```
