Quick Note: The A in the Verse is enhanced by alternating the A and F#m.
Listen to the
and you will get it quickly.

Verse 1

A **Em** **G**
What is it you want from me?
A **Em** **G**
There isn't much I will not do.
A **Em** **G**
If it's only company
A **Em** **G**
You know, I might need that too.
Won't you

D **G** **A** **Em**
Come anytime - I'm a man of leisure,
Come anytime, I await your pleasure.

Verse 2 same as the first

There's nothing new beneath the sun
We've butchered every sacred cow
Don't tell me about all the things you might have done
Just tell me what are you doing now - right now.

D **G** **A** **Em**
Come anytime, I won't give you pressure
Come anytime - I can wait forever
D **G** **A**
And if you can't make up your mind
Em
We could make it up together.

Bridge

A **G** **Bm**
Things like this happen every day
A **G** **Bm**
Whatever happens, it's O.K.
Em **A** **Em** **A**
Why be afraid when we've got it made -

Em **G** **A**

I ll never ask you to explain.

Lead (Chorus):

What is it you want from me?

You won t shock me easily.

Maybe it s your heart s desire,

Maybe it s your wildest dream,

Maybe I m a gun-for-hire but,

Baby, don t we make quite a team, Don t we?

Don t we?

Come anytime (you re so inclined) I won t give you trouble

Come anytime (you re going blind) or you re seeing double

And I have never been the kind who d want to

Burst your bubble.

Come anytime.
