

**I Want You Back**  
**Hoodoo Gurus**

Intro - **G# Fm** x2

[**G#**]I can still recall the [**Fm**]time  
[**G#**]She said she was always [**Fm**]mine  
Then she [**Bb**]left, as people [**G#**]do,  
And [**Bb**]forgets what we ve been [**G#**]through

[**G#**]It s not that she s gone [**Fm**]away  
[**G#**]It s the things I hear she [**Fm**]has got to say  
About [**Bb**]me - and about my [**G#**]friends  
When [**Bb**]we ve got no [**G#**]defence.

That s [**Eb**]her, I ll never believe her [**C#**]again  
She might have deceived all my [**Eb**]friends  
I know they will see in the [**C#**]end  
What it all means when she [**C**]says (yeah!)  
[**F G#**]I [**C#**]want you [**Bb**]back (She says) x4

Instrumental- **G# Fm** x2

But what s [**Bb**]worse, she thinks it s [**G#**]true  
But that s just [**Bb**]her she always was a [**G#**]little bit confused  
[**Bb**]She s not worth the [**G#**]time I had to lose

That s [**Eb**]her, I ll never believe her [**C#**]again  
She might have [**Eb**]deceived my [**C#**]friends  
I know they will see what it means when she [**C**]says (yeah!)  
[**F G#**]I [**C#**]want you [**Bb**]back (She says) x10 end on **F**
