

**I Want You Back**  
**Hoodoo Gurus**

Intro - **A** **F#m** x2

[**A**]I can still recall the [**F#m**]time  
[**A**]She said she was always [**F#m**]mine  
Then she [**B**]left, as people [**A**]do,  
And [**B**]forgets what we ve been [**A**]through

[**A**]It s not that she s gone [**F#m**]away  
[**A**]It s the things I hear she [**F#m**]has got to say  
About [**B**]me - and about my [**A**]friends  
When [**B**]we ve got no [**A**]defence.

That s [**E**]her, I ll never believe her [**D**]again  
She might have deceived all my [**E**]friends  
I know they will see in the [**D**]end  
What it all means when she [**C#**]says (yeah!)  
[**F#** **A**]I [**D**]want you [**B**]back (She says) x4

Instrumental- **A** **F#m** x2

But what s [**B**]worse, she thinks it s [**A**]true  
But that s just [**B**]her she always was a [**A**]little bit confused  
[**B**]She s not worth the [**A**]time I had to lose

That s [**E**]her, I ll never believe her [**D**]again  
She might have [**E**]deceived my [**D**]friends  
I know they will see what it means when she [**C#**]says (yeah!)  
[**F#** **A**]I [**D**]want you [**B**]back (She says) x10 end on **F#**
