

I Want You Back
Hoodoo Gurus

Intro - B G#m x2

[B]I can still recall the [G#m]time
[B]She said she was always [G#m]mine
Then she [C#]left, as people [B]do,
And [C#]forgets what we ve been [B]through

[B]It s not that she s gone [G#m]away
[B]It s the things I hear she [G#m]has got to say
About [C#]me - and about my [B]friends
When [C#]we ve got no [B]defence.

That s [F#]her, I ll never believe her [E]again
She might have deceived all my [F#]friends
I know they will see in the [E]end
What it all means when she [Eb]says (yeah!)
[G# B]I [E]want you [C#]back (She says) x4

Instrumental- B G#m x2

But what s [C#]worse, she thinks it s [B]true
But that s just [C#]her she always was a [B]little bit confused
[C#]She s not worth the [B]time I had to lose

That s [F#]her, I ll never believe her [E]again
She might have [F#]deceived my [E]friends
I know they will see what it means when she [Eb]says (yeah!)
[G# B]I [E]want you [C#]back (She says) x10 end on G#
