

**I Want You Back**  
**Hoodoo Gurus**

Intro - **B G#m** x2

[**B**]I can still recall the [**G#m**]time  
[**B**]She said she was always [**G#m**]mine  
Then she [**C#**]left, as people [**B**]do,  
And [**C#**]forgets what we ve been [**B**]through

[**B**]It s not that she s gone [**G#m**]away  
[**B**]It s the things I hear she [**G#m**]has got to say  
About [**C#**]me - and about my [**B**]friends  
When [**C#**]we ve got no [**B**]defence.

That s [**F#**]her, I ll never believe her [**E**]again  
She might have deceived all my [**F#**]friends  
I know they will see in the [**E**]end  
What it all means when she [**Eb**]says (yeah!)  
[**G# B**]I [**E**]want you [**C#**]back (She says) x4

Instrumental- **B G#m** x2

But what s [**C#**]worse, she thinks it s [**B**]true  
But that s just [**C#**]her she always was a [**B**]little bit confused  
[**C#**]She s not worth the [**B**]time I had to lose

That s [**F#**]her, I ll never believe her [**E**]again  
She might have [**F#**]deceived my [**E**]friends  
I know they will see what it means when she [**Eb**]says (yeah!)  
[**G# B**]I [**E**]want you [**C#**]back (She says) x10 end on **G#**
