@SONG: Let It Breathe
(tabbed by randell@heinous.music.uiowa.edu)
Intro: E-B-C\#m-B-A (2x)
(verse)
E B
Could we do it again
C#m B
If he asked how it felt
And I didn t say this time
You tried to scare me with empty thoughts
That means not a thing
Cause I m down behind you
(verse)
Could we swing it again
If I changed how he looked
And turned to the right to bend
You live with something that I can t explain
But your face cracks a smile when you see it shining
(chorus)
You feel things in your own way
And I m supposed to lay down and bow to you
I m tired of bailing hay for something that I can t see
I don t want to be you
You don t want to be me.
Just let it breathe
```

Could we live it again

If we dressed just the same

We couldn t really live with anyone

See mostly ourselves so just go on lying

You feel things in your own way
And I m supposed to lay down and bow to you
I m tired of bailing hay for someone that I can t see
I don t want to be you
You don t want to be me

(A-E till end)
Just let it breathe
Let it breathe
