Hope of the States

I've been waiting a while for some hope of the states tabs so i thought i'd tab it myself haha. It sounds pretty accurate to me see what you think, please rate it. Email me with any changes or corrections and possibly how to play the interlude properly. Thanks very much

The Red, The White, The Black, The Blue

Intro-| **E** | **Cadd9 C** |

| **E** | **Cadd9 C** |

mouths of dust and ruptured windpipe
fairytales for lying cheats
they're lashing out like wolves in barbed wire
ring the bells and start the fires now

| **F** | **Am** | **C** | **E** |

the red white and the blue has always been what led you
if you don't do something they'll steal it all from under you

| **E** | **Cadd9 C** |

board decisions bored children
watch the world through gunsight eyes
i hijack trainwrecks sell the wheels
no way out unless you steal it all

| **F** | **Am** | **C** | **E** |

the red white and the blue has always been what led you
if you don't do something they'll steal it all from under you
you beat us black and blue we're coming back to find you

i don't really know what the deal is with the interlude bit with the violin, it sounds kinda like barre chords going up the A string, play around with that...

| **F** | **Am** | **C** | **E** |

the red white and the blue has always been what led you
if you don't do something they'll steal it all from under you all from under you
