Horace Andy - Love of a Woman

A great song from the legend himself. I worked out these chords by ear so I apologise if there are any mistakes but I am almost certain these are the correct chords. As you can see C major and A minor pretty much repeat all the way through (on the off beat as traditional in reggae) except when G major comes in. These chords are from the most famous version of this song the 1969 original recording.

Tuning: Standard

Key: Am

Intro x2: C **Am**

 C **Am**
