Chorus 1:
**F#**            **Ebm**
And when the floor gave out
   **Bbm**      **G#**         **C#**
we made our way to the ground
    **G#**       **F#**          **Ebm**
And laid for hours In the ashen
        **Bbm**      **G#**
dirt we knew we didn’t
    **C#**       **G#**     **F#--**
have much But it was ours

Verse 1:
        **Ebm**
Between loneliness
   **C#**          **G#**
and some broken love
   **C#**
I’d choose none

```
G#        F#
of the above
            Ebm
They say we wanted it
  C#          G#--
a little too much

Interlude: Bbm-G#-C#-- x2

Verse 2:
Bbm         G#        C#
   Oh itâ€™s a distant land
                   Bbm
The one where we live
        G#
But it slipped from our
C#                Bbm G#
hands The grass overgrown
        C#
the broken family home
        Bbm                G#--
See the place where we grew up

Chorus 2:
          C#
Turned a circus
     G#
for gamblers
    Ebm            F#
and gawkers and thieves
          C#          G#
When the word got around
            Ebm
we spilled out on
     F#m
the streets
        C#          G#
As the banks decorate
        Ebm          B(hold)
every house in defeat

Chorus 3:
C#                C#/F
All set to expire
   Bbm
A fighter past his
Eb/G
prime My daddy said
G#                C#/F
```

No one likes a whiner
    **G#**       **F#**  **Ebm--F#(Hold)**
But I got shiners on both eyes

Interlude: **Bbm**-**G#**-**F#**-**C#**-

Verse 3:
**Bbm**     **G#**
Boy is there a job for
**C#**   **Ebm**   **Bbm**
you? And if there was
     **G#**  **C#**   **Ebm**
Would you even want to?

Chorus 4:
       **Ebm**
Cause when the floor gave out
  **Bbm**   **G#**    **C#**
we made our way to the ground
   **G#**    **F#**
And laid for hours
   **Ebm**
Cut-up and hurt you
**Bbm**   **G#**
held me firm
   **C#**
The world moved
**G#**  **F#**
on without us

Verse 4:
   **Ebm**
my honestyâ€™s
       **G#**
a little too much
     **C#**
But thereâ€™s no one
**G#**      **F#**
fighting for us
    **Ebm**
Is there something here
  **C#**      **F#m**(hold)
that you can still love?

Chorus 5:
**C#**     **C#/F**
All set to expire
  **Bbm**

```
A fighter past his
Eb/G
prime My daddy said
G#              C#/F
No one likes a whiner
        G#              F#(hold)
But I got shiners on both eyes

Bridge:
Ebm
   Still my memory
 F#m
stays and replays
         C#
The first time
        G#/C Bbm  Eb--
that we held hands
    Ebm
Or was it our

world at all?
          C#
Young and racing
towards nothing
Bbm
Was it our world at all?
        G#
Burning headlong with
the blinders on
Ebm
   Sold all my stock of
     C#
the American dream
          Bbm
More than someone to fuck
          G
Before we all fall asleep

Verse 5:
        Ebm
I see a broken world
C#          G#
coming for us
And Maria
            C#
Itâ€™s you and me
G#              F#
Fighting for love
   Ebm        C#
If we can believe
      G#
```

it's enough
                    Bbm
We'll take the bombs
            G#        C#
from the great above
            Ebm       Bbm
from the great above
            G#        Ebm--
from the great above

Chorus 6:
C#              C#/F
All set to expire
    Bbm
A fighter past his
Eb/G
prime My daddy said
G#(hold)        C#/F
No one likes a whiner
              Bbm      G#        F#    F#m
But I got shiners on both eyes
C#              C#/F
All set to expire
    Bbm
A fighter past his
Eb/G
prime My daddy said
G#                C#/F
No one likes a whiner
          G#m--F#--F#(hold)
But I got
