HCR is Da Bomb Diggity

Hey there, world! This song is really easy to play (but also really fun!). It s
just the chords D, C, G, and D again all the way through.

One way you could play it is with power chords:

D5 C5 G5

```
e|----x----x----x----|
A|----x----x----x----|
D|----7----5----x----|
G|----7----5----5----|
B|----5----3----5----|
E|----x----x----3----|
```

Oh, and I guess you could play bar chords, too. :)

D 557775
C: 335553
G: 355433

ANYWAY, enough with the chit-chat...

Let s get our beautiful freak on! ;D
