

**Goodnight Goodnight**  
**Hot Hot Heat**

**Dm** **G** **C**  
It s not enough to hear me say you ve won  
**Am**  
You only wanted me for having fun  
**Dm** **G** **C**  
But now I think you ve gone and had your way  
**Am**  
And left me with a pile of bills to pay  
**Dm** **G** **C**  
I can t even rewind the tape machine  
**Am**  
To listen to your drunken reasoning  
**Dm** **G** **C**  
So here it is - your final lullaby

**C** **Am**  
So goodnight, goodnight  
**Dm**  
You re embarrassing me  
**G**  
You re embarrassing you  
**C** **Am**  
So goodnight, goodnight  
**Dm**  
Walk away from the door  
**G**  
Walk away from my life  
**F**  
So goodnight

**Dm** **G** **C**  
I ve given up on social niceties  
**Am**  
I threw em out when I threw out your keys  
**Dm** **G** **C**  
Along with all your records I can t stand  
**Am**  
You never even listen to any one of them  
**Dm** **G** **C**  
You re never gonna drag me out again  
**Am**  
With all the people that were never ever even your friends  
**Dm** **G** **C**  
So here it is - your final lullaby

**C** **Am**  
So goodnight, goodnight  
**Dm**  
You re embarrassing me  
**G**  
You re embarrassing you  
**C** **Am**  
So goodnight, goodnight  
**Dm**  
Walk away from the door  
**G**  
Walk away from my life

**Am** **Dm** **G**  
A little bit of rain I d say is fair  
**E** **Am**  
But when it starts to thunder they all stare  
**Dm** **G**  
This isn t goodnight, this is goodbye...

**C** **Am**  
So goodnight, goodnight  
**Dm**  
You re embarrassing me  
**G**  
You re embarrassing you  
**C** **Am**  
So goodnight, goodnight  
**Dm**  
Walk away from the door  
**G**  
Walk away from my life

**C** **Am**  
So goodnight, goodnight  
**Dm**  
You re embarrassing me  
**G**  
You re embarrassing you  
**C** **Am**  
So goodnight, goodnight  
**Dm**  
Walk away from the door  
**G**  
Walk away from my life  
**F**  
So goodnight.
