

## Disappear

### House of Heroes

Artist: House of Heroes

Album: Suburba

Song: Disappear

#### Am

(Lock the doors)

This city hides a secret at it's breast,

#### Dm

(Shut the windows)

I feel it's icy fingers on my neck,

#### Am

(Lock the doors)

We built our perfect dream on shifting sand,

#### Dm

(Shut the windows)

Scattered in one motion of Gods hand,

#### Am

(We leave tonight)

Take only that which you can't live without,

#### Dm

(We leave tonight)

Hot wheels on the cold ground.

Chorus:

**C**

**E**

We disappear, We burn down.

**F Am**

**F**

**G**

A black wind carries us out.

**F**

**C**

**E**

We disappear, We fade out.

**F Am**

**F**

**G**

**Em**

With one glance, in the rear view mirror.

Verse 2 (as verse 1):

(Suburba)

It stocks your streets a lion in the reeds,

(Suburba)

Wakes you in a panic from you sleep,

(Suburba)

Your vanity and strength are washed away,

(Suburba)

Like the concrete moon is washed out by the day.

Chorus
