

Disappear

House of Heroes

Artist: House of Heroes

Album: Suburba

Song: Disappear

Am

(Lock the doors)

This city hides a secret at it's breast,

Dm

(Shut the windows)

I feel it's icy fingers on my neck,

Am

(Lock the doors)

We built our perfect dream on shifting sand,

Dm

(Shut the windows)

Scattered in one motion of Gods hand,

Am

(We leave tonight)

Take only that which you can't live without,

Dm

(We leave tonight)

Hot wheels on the cold ground.

Chorus:

C

E

We disappear, We burn down.

F Am

F

G

A black wind carries us out.

F C

E

We disappear, We fade out.

F Am

F

G

Em

With one glance, in the rear view mirror.

Verse 2 (as verse 1):

(Suburba)

It stocks your streets a lion in the reeds,

(Suburba)

Wakes you in a panic from you sleep,

(Suburba)

Your vanity and strength are washed away,

(Suburba)

Like the concrete moon is washed out by the day.

Chorus
