

Song Of The Lonely Mountain

Howard Shore

1st verse:

Em **Em**
Far over the Misty Mountains rise
D **Em**
Lead us standing upon the height
Bm **F#m**
What was before we see once more
G - **D** **Em**
Is our kingdom a distant light

2nd verse:

Em **Em**
Fiery mountain beneath a moon
D **F#m**
The words aren't spoken, we'll be there soon
Bm **F#m**
For home a song that echoes on
G - **D** **Em**
And all who find us will know the tune

Chorus:

Em
Some folk we never forget
Em
Some kind we never forgive
D
Haven't seen the back of us yet
Am
We'll fight as long as we live
Em
All eyes on the hidden door
Em
To the Lonely Mountain
D
We'll ride in the gathering storm
Am
Until we get our long forgotten gold

3rd verse:

Em **Em**
We lay under the Misty Mountains cold
D **Em**
In slumbers deep, and dreams of gold

Bm **F#m**
We must awake, our lives to make
G - **D** **Em**
And in the darkness a torch we hold

4th verse:

Em **Em**
From long ago where lanterns burned
D **F#m**
Until this day our hearts have yearned
Bm **F#m**
A fate unknown, the Arkenstone

What was stolen must be returned

Solo:

Am - **G** - **Am** **G** **Am**

Bridge:

Em **Bm**
We must away ere break of day
C - - **D** **Am**
To find our song for heart and soul
