

Song Of The Lonely Mountain
Howard Shore

1st verse:

F#m **F#m**
Far over the Misty Mountains rise
E **F#m**
Lead us standing upon the height
C#m **G#m**
What was before we see once more
A - **E** **F#m**
Is our kingdom a distant light

2nd verse:

F#m **F#m**
Fiery mountain beneath a moon
E **G#m**
The words aren't spoken, we'll be there soon
C#m **G#m**
For home a song that echoes on
A - **E** **F#m**
And all who find us will know the tune

Chorus:

F#m
Some folk we never forget
F#m
Some kind we never forgive
E
Haven't seen the back of us yet
Bm
We'll fight as long as we live

F#m
All eyes on the hidden door
F#m
To the Lonely Mountain
E
We'll ride in the gathering storm
Bm
Until we get our long forgotten gold

3rd verse:

F#m **F#m**
We lay under the Misty Mountains cold
E **F#m**
In slumbers deep, and dreams of gold

C#m **G#m**
We must awake, our lives to make
A - **E** **F#m**
And in the darkness a torch we hold

4th verse:

F#m **F#m**
From long ago where lanterns burned

Until this day our hearts have yearned

A fate unknown, the Arkenstone

What was stolen must be returned

We must away ere break of day

To find our song for heart and soul
