I picture you in the sun wondering what went wrong
Em7 **Cadd9** **G** **D**
You ve fallen down on your knees asking for sympathy
Em7 **Cadd9** **G** **D**
and being caught in between all I wish for and all I need
Em7 **Cadd9** **G** **D** **Em7**
I picture you fast asleep a night that comes you can t keep awake
Cadd9 **G** **D** **Em7**
and may God s love be with you always
Cadd9 **G** **D**
may God s love be with you

I know i would apologize if i could see your eyes
cause when you show me myself ya know i became someone else
cause i ve been caught in between all i wish for and all i need
i picture you fast asleep a night that comes you can keep away
may God s love be with you always
may God s love be with you

Cause if i find, if i find my way how much will i find
if i find, if i find my way how much will i find
if i find, if i find my way how much will i find, you, you, i find you, you

I don t know anymore what its for i m not even sure
if there is anyone who is in the sun could you help me to understand
cause i ve been caught in between all i wish for and all i need
and maybe i m not even sure what it s for anymore than me
may God s love be with you, always
may God s love be with you, always
may God s love be with you, always
may God s love be with you

cause if i find, if i find my way how much will i find
if i find, if i find my way how much will i find
if i find, if i find my way how much will i find, you, you, i find you, you
