

Oxygen

Howie Day

Okay so I was wondering if you guys could help me out with the chords for this song.

Cause I obviously have no idea what I m doing...

C, G, Em, D(throughout the whole song except the bridge, I dunno what the bridge is.)

C **G** **Em** **D**
Can you tell me how we get there from here?
High in the canyon we can both disappear
Got a change of reason, yeah this much is clear

Can you help me get back, back to the place
Where I was when we got carried away?
Gotta leave this feeling and all I can say

Youâ€™re like oxygen; youâ€™re like a midday sun
Youâ€™re like a miracle drug in the morning love
That keeps me moving on
Youâ€™re like a summer rain, something I just canâ€™t explain
Could it be ---- Or is it really that difficult to say?

Do you remember falling heels over head?
Spent the afternoons just lying in bed
Got a --- and the promise you said

Youâ€™re like oxygen; youâ€™re like a midday sun
Youâ€™re like a miracle drug in the morning love
That keeps me moving on
Youâ€™re like a summer rain, something I just canâ€™t explain
Could it be ---- Or is it really that difficult to say?

And when I start to reel you take the steering wheel.
You give me something that I never knew I was missing
You give me something real.

Youâ€™re like oxygen, youâ€™re like a midday sun
Youâ€™re like a miracle drug in the morning love
That keeps me moving on
Youâ€™re like a summer rain, something I just canâ€™t explain
Could it be ---- Or is it really that difficult to say?

Can you tell me how we get there from here?
