[Intro]

**Em Em Em Em**

**Em Em Em E**

**Em Em Em Em**

[Verse 1]

**Em**

When stunted hand earns place with man by mere monstrosity

**Em**

Alarms are struck and shore is shook by sheer atrocity

**G Am C E**

A cure I know that soothes the soul, does so impossibly

**Em C**

A moment s silence when my baby puts their mouth on

**Em**

Me and my babe relax and catch the manic rhapsody

**Em**

All reason flown, as God looks on in abject apathy

**G Am C E**

A squall and all of me is a prayer in perfect piety

**Em C**

A moment s silence when my baby puts their mouth on me

**Em**

[Chorus 1]

**Em Gmaj7**

When the meaning s gone, there is clarity

**C Am Em**

And the reason comes on the common tongue of your lovin me

**Em Gmaj7**

And it s easy done, our little remedy

**C Am Em**

And the reason comes on the common tongue of your lovin me

**Em**

[Verse 2]

**Em**

What yields the need for those who lead us oh so morally

**Em**

Those that would view the same we do through their deformity

**G Am C E**

Who view the deed as power s creed, as pure authority

**Em C**

This moment s silence when my baby puts their mouth on me

**Em**

[Chorus 2]

**Em Gmaj7**  
Since it all begun, to it s reckoning

**C Am Em**  
There the reason comes on the common tongue of your lovin me

**Em Gmaj7**  
Be thankful some know it lovingly

**C Am Em**  
There the reason comes on the common tongue of your lovin me

[Interlude]

**Em Em Em Em G G G G (x4)**

**Em**

[Chorus 3]

**Em Gmaj7**  
Like a heathen clung to the homily

**C Am Em**  
Let the reason come on the common tongue of your lovin me

**Em Gmaj7**  
So summon on the pearl rosary

**C Am Em**  
Let the reason come on the common tongue of your lovin me
