

Im Sorry

Human Kitten

G, Am, F, G

Change the things you hate or change the way you feel
Complaining is fucking worthless but I totally understand the appeal
Any traces of sexism in me is the direct result of insecurity
Im trying to be better, trying to understand the plight of others and the scars
on their hands

F, G, Am, G, F

But I know Ill never be good enough for you
But I know Ill never be good enough for you

F, G, C

And I know, to you, I am weak

G, Am

But I know I am not weak

G, F, C, Am

So Ill try to prove myself, I am not a wimp
I am not a wimp

Am, G, C, F

So Ill scream to a room full of strangers all my deepest darkest secrets
And I assure you, my lyrics arent a joke, yes I really do believe this
That by the end of the show, by the end of the show, by the end of the show,
youll know

F, G, Am, G, F

More about me than my friends and family

F, G, C

And thats all my fault
