

All You Ever
Hunter Hayes

No Capo

[Verse 1]

Em **C**
You give me chances and I let you down
Em **C**
You waited for words that I couldn't get out
Em **G**
I have no excuses for the way that I am
D **Am**
I was clueless then, I couldn't understand

[Chorus]

G
That all that you wanted
D
And all that you needed
Em **C**
Was a side of me I never let you see
G
And I wish I could love you
D
And make you believe it
Em
Because that all you ever wanted
C
It's all you ever wanted,
Em **C**
From me, from me

[Verse 2]

Em **C**
Could I be selfish, or lost in my pride
Em **C**
Afraid to be forward or just too scared to try
Em **G**
And now I'm without you, And it took distance to see
D **Am**
That losing you, means losing everything

[Chorus]

That all that you wanted

And all that you needed

Was a side of me I never let you see
