```
Dear God
Hunter Hayes
 [Verse 1]
Here I go again
Three glasses in, counting my sins
Home alone again
                                                    Em
It s three in the morning, just me and my demons at war again
So I m calling in
         C
Are You listening?
[Pre-Chorus]
Em
You made a man this fragile
You made a heart that can break
You show me the road less traveled
Though when I m gonna run away
You make me love so hard
When everything I love just leaves
С
Are You sure there s nothing wrong with me?
[Chorus]
Em
And why does my life have to hurt so much?
Why can t I find any piece of love?
D#m
And why do I feel like I m not enough?
Dear God, are You sure that You don t mess up?
[Verse 2]
Em
```

C

Do You still call it praying if

```
All that I do is sitting here cursing
Cursing Your name again
                          Em
The truth is it s not even You
It s just me that I m up against
But You made me this
Can we share the blame for this? Mmm
[Pre-Chorus]
                 F:m
 Cause after all You made a man this fragile
You made a heart that can break
You show me the road less traveled
Though when I m gonna run away
You make me love so hard
When everything I love just leaves
Are You sure there s nothing wrong with me?
[Chorus]
Cause why does my life have to hurt so much?
Why can t I find any piece of love?
And why do I feel like I m not enough?
Dear God, are You sure that You don t that You don t mess up
               C
You don t mess up
I know You don t mess up
I know that You don t mess up
[Bridge]
I know this ain t for nothing
There s nothing You don t make
C
