Where We Left Off

(D, Am, Em, G) x2

D

If we had the words in times like these,

Am

We wouldn't have to stare

Em

We'd both know what to say

G

How to pray or the things to do to save the day

D

Some will call it sacrifice

Am

They'll look at this and never see

Em

The beauty or how much it means

G

The blood that runs inside of me

C

G

D

I know, you understand.

C

G

D* (play once)

There's no map for this, no plan.

(Chorus)

Em

And the way we say goodbye

G

D

Is not the way that anyone would do

Em

Like a wave out on the ocean,

G

D

A

I will always come right back to you

C*

G*

D*

Like we blinked, not a moment is gone.

C*

G*

D*

We pick up, where we, left off.

(End Of Chorus)

D

It s like the world is draped in a camoufla

Am

And sometimes never what it seems

Em

Everyone s got different things

G

They hide behind or try to be.

D

But the things I carry with me,

Am

All remind me who I am,

Em

When so much of me is not with me,

G

What matters most is what I leave

C*

G*

D

Behind for you to keep.

C*

G*

D*

So smile, when you think of me.

(Chorus)

Em

And the way we say goodbye

G

D

Is not the way that anyone would do.

Em

Like a wave out on the ocean

G

I will always come right back to you!

C

G

Like we blinked, not a moment is gone.

C

G

D

We pick up, where we, left off.

D
