late night or the middle of the afternoon
Fmaj7 C
half light eating sugar with a table spoon
Am Fmaj7
somethings coming over when i m all alone
C
it s the feeling that i m all alone

Am
i slowly see you walking away
Fmaj7
i slowly see you walking away now
C
afterhours alone again X2

chasing after moments that are lost in time
racing through a ???? that is never mine
always in love with how you made me feel
i wonder was it ever real

i slowly see you walking away
my life is slowly slipping away.....
