B7 C Dsus2

but i never meant you wrong no i didnt mean it

If you we ever lost a loved one I pray for you I really do
If you we ever lost a loved one I pray for you

Cause there s a sad and lonely comfort
In the hollow of your eyes
But don t you let it take you over
Cause it will eat you up inside

I heard you re married to a house carpenter And your love will never be mine...

If you re not breathing why am I
Left alone in this ship
If you re not breathing
Why am I left alone?
With a sad and lonely comfort
Of the hollow in your eyes
But don t you let it take me under
Cause it will eat me up inside

I m sure you re married to your house carpenter And your love will never be mine ...

All the pain and the way it was All of the pain and the way because I was in love with the way it was All that I do
I do it for you

All the pain in the way it was
All of the shame and the hate because
I was in love with the way it was
All that I do
I do it for you
If you re not breathing
Why am I left alone in this shit?
If you re not breathing
Why am I left alone?

With a sad and lonely comfort Of the hollow in your eyes But don t let it take me over Cause it will eat me up inside

I m sure you re buried with your house carpenter And your face I ll never see no more Your face I ll never see no more Your face Your face Your face Your face Your face...

With a sad and lonely comfort Of the hollow in your eyes Don t let it take me under Cause it will eat me up inside

Yeah I heard your married to a house carpenter And your love will never me mine Your love will never be mine...
